

ProCurve Networking User Group Meeting

ProCurve Networking by HP, and VES Solutions, invite you to spend the morning learning about ProCurve's next generation, wireless solutions and ProCurve management suite of software.

- Learn about ProCurve's secure, cost-effective wireless networking solution tailored to meet the significant student services needs and budgetary concerns of education institutions.
- Discuss and Learn about ProCurve's Network management solutions that provide basic-to-advanced device-handling capabilities such as mapping, configuration and monitoring across LAN and Wireless LAN networks in order to improve productivity and simplify management.
- Hear about ProCurve's acquisition of 3com and ask questions.

Date: April 9, 2010
8:30am - 11:00am

Location: VES Solutions Offices
743 Spirit 40 Park Drive
Chesterfield, Mo 63005

Continental Breakfast will be served at 8:00am

RSVP by calling Joe Walsh at 636.779.2040

Don't miss this opportunity to learn about ProCurve from the pros - VES Solutions
